

## West Midlands

Here in the West Midlands the Race Equality in Mental Health Care Programme team knows that all the hard work put in does bring heaps of rewards – both for reducing inequalities in Black, Minority and Ethnic Groups and as a boost to the Programme team too.

Here's what Suki Kaur, a service user from Warwickshire did to show her appreciation for two of the team ...

FROM LEFT TO RIGHT:  
Ranjit Chall  
Suki Kaur  
Susan Croasdell

**I was so impressed by how Community Development Worker Ranjit Chall and Susan Croasdell from the Warwick Resource Centre delivered family intervention help to my family and myself ... I just had to do something about it. So I nominated Ranjit and Susan for a Meridien Family Work Award.**

**Suki Kaur** A service user from Warwickshire.

...and, the good news is the nomination turned into a double success for Ranjit and Susan as they were the winning entries for Coventry and Warwickshire *and* for the West Midlands Region.
